Attn: Sylvia Brown

Dear Ms. Brown:

Thanks so much for taking good care of us through the years and particularly recently, and taking care of all the odds and ends that you did. We are living in South Florida where people usually complain about jobs that were done. I hope it is a pleasant surprise when somebody actually thanks you for a good job well done.

Again, thanks for taking care of us. Our parking lot looks considerably better.

Sincerely,

Nile R. Lestrangle, M.D., President
